PROFILE

Software Test Engineer with hands-on experience in manual and automation testing. Passionate about learning software testing practices and ensuring application quality. Looking for opportunities to grow and contribute as a Software QA professional

EXPERIENCE

Embedded Systems Test Engineer **Dec 2025 - Mar 2026**

MRaD Enterprises Pvt Ltd - Kochi

Embedded Systems Test Engineer at MRaD Enterprises, responsible for testing embedded software, setting up hardware, flashing firmware, executing test cases, and debugging software issues. Experienced in defect reporting, test documentation, and ensuring adherence to quality standards.

QA Intern **Jan 2025 - Nov 2025**

Cydez Technologies – Kochi

At Cydez Technologies, I am gaining hands-on experience in manual testing, API testing, and basic automation through real-time project work. My responsibilities include performing manual testing, API testing, and UI testing for project modules, including preparing test cases, executing test scenarios, identifying and reporting defects, and ensuring overall product quality.

EDUCATION

Nov 2024 - Dec 2024

Advanced Manual and Automation Testing Course

AspireIT Academy – Kochi

During my course, I gained hands-on experience with Cucumber, POST APIs, and Selenium for automation testing. I also developed a strong understanding of testing methodologies and tools, enhancing my ability to ensure software quality and performance

Bachelor of Vocation (B.Voc) in Information Technology **Jul 2021 - April 2024**

Christcollege Autonomous Irinjalakuda

CGPA - 6.1

Higher Secondary Certificate (12th Grade) **Jun 2019 - Mar 2021**

BVMHSSKalparamba

Percentage - 88%
